

TZONE^{SE}

BROADLEAF HERBICIDE FOR TOUGH WEEDS

The fastest triclopyr combination on the market

WHAT IT IS

TZone™ SE Broadleaf Herbicide for Tough Weeds uses the proven performance of triclopyr and precise ratios of multiple active ingredients to provide effective cool-weather weed control in a speed product. TZone SE kills the toughest broadleaf weeds on turf, including wild violet, ground ivy, oxalis, and clover. It even provides suppression of young and actively growing yellow nutsedge.

WHAT IT DOES

TZone SE controls:

- Wild violet
- Ground ivy
- Black medic
- Oxalis
- Clover
- Spurge
- Yellow nutsedge (suppression)
- More than 60 other listed weeds

Labeled for use in:

- Fescue - tall, red and fine leaf
- Bluegrass - Kentucky and annual
- Ryegrass - annual and perennial
- Bahiagrass (dormant)
- Bermudagrass (dormant)
- Zoysiagrass (dormant)

Ideal for use on:

- Residential lawns
- Commercial lawns
- Golf courses (fairways and roughs)
